### Role-play

*You are in a restaurant but you are not happy. You ask the waiter to call the owner. You say to the owner that the food is cold and the portion is small. He apologises but you say that it is really not good enough. You say that it is a special event, your fortieth birthday, and your husband/wife decided to book a table in this restaurant despite the high prices. The owner says perhaps he can offer you a bottle of fine wine without cost. You say certainly not, that you never drink wine and anyway that is not the point. The owner apologises again and asks what more he can do. You say that the point is that you are complaining about the food and you are not prepared to pay for it. The owner says he is sorry that you feel that way. You say that you and your husband/wife are leaving straightaway without paying and have no intention of coming back again.*
